EXPLANATORY NOTES

Introduction

This publication is issued each month as a supplement to the annual *Catalogue of Publications and Products, Australia* (1101.0) of the Australian Bureau of Statistics, which lists current ABS publications and gives brief descriptions (abstracts) of their contents. In addition, a *Publications Advice* (1105.0) is issued each Tuesday and Friday listing publications released on the day of issue and expected releases on the following five days (national publications) or two days (State/Territory publications).

2. A brief description of the contents of new publications, changes to existing publications and other information of interest appears at the back of this publication.

Publication prices

3. Prices include postage both within Australia and overseas (economy air).

Mailing service

4. Clients who wish to receive publications on a regular basis may use the ABS Publications Subscription Service. For further details please refer to the back page of this publication.

5. Clients who already use this service and who wish to change their requirements should quote their client identification number when contacting ABS. The

number is shown at the top left hand corner of the address label used to despatch publications to clients.

6. Renewal notices are sent to all subscribers annually in respect of the subscription year commencing on 1 January. Payment for priced publications is required in advance and should accompany renewal notices returned to ABS.

Statistical information service

7. Each ABS office has an Information Consultancy service to assist clients by providing a first point of entry to the ABS. Information consultants will assist where possible or, where appropriate, refer the enquiry to a contact officer. The Information Consultancy area offers a limited free service providing information from published statistics both over the telephone and over the counter at ABS bookshops. The area also offers a fee for service information consultancy for detailed queries or provision of information from the ABS's vast unpublished data holdings. Unpublished statistics cover a variety of topics such as small area population information, imports and exports, building, tourism and detailed Consumer Price Index information, to name just a few. The area offers various dissemination options from paper reports to floppy disks and magnetic tape.

8. In cases where a considerable volume of data has to be specially extracted or where a regular statistical service is required, a charge will be made.

Acting Australian Statistician
